

**Call for small-scale projects N°08/2025\_SPARAC\_MASE**

**CALL FOR SMALL-SCALE PROJECTS**

**IMPLEMENTATION OF COMMUNICATION INITIATIVES FOR THE CONSERVATION OF  
CARTILAGINOUS FISHES IN THE ADRIATIC REGION**

**CLARIFICATIONS**

**Question:**

Regarding the Call for small-scale project, we wanted your confirmation that in the ToR the deadline has the correct year - it states 2025 which means there is approximately a month to implement activities, is that statement true, or is it a typo, and it should state 2026?

**SPA/RAC 'Answer:**

We confirm that the dates stated in the Terms of Reference are correct. The project activities must be completed by **25 June 2025**, and the final technical and financial report, must be submitted by **30 June 2025**. As you may have noticed, the dedicated amount is not high. Therefore, we encourage applicants to propose **concise, targeted activities** that can be effectively implemented within the available budget and timeline.
